OUR HISTORIC
STATEWIDE
STRIKE AT
KAISER

NATIONAL UNION OF HEALTHCARE WORKERS

OAKLAND

“Along with the strong participation of NUHW members, CNA RNs and Local 39 Engineers, our strike received extensive press coverage throughout the state. The media has now shone a powerful light on Kaiser’s profiteering, executive compensation and understaffing of mental health services. It’s up to us to keep up the pressure until Kaiser settles a fair contract that protects our patients and our benefits.”

- Clem Papazian, LCSW, Kaiser Oakland

Our strike was covered by TV, radio and print media outlets all over the state, including:
