

STRAIGHT FROM THE HORSE'S MOUTH

Kaiser wants us to give back a lot of what we have, because almost nobody outside of Kaiser in America has it.

Last month, at a meeting of Kaiser's partner unions, SEIU-UHW President Dave Regan laid it out plain for delegates in attendance: SEIU's plan for bargaining in 2012 is to "get in front" of Kaiser's cuts by agreeing to them ahead of time.

Here's what we're willing to do, Kaiser. Why don't we change the PSP bonus and let's make half of the bonus dependent on how we use healthcare to get healthier.

We deserve a union that fights for us
instead of lying down for Kaiser.

**DON'T LET SEIU
WRECK OUR FUTURE.**
