

We Saw the Real SEIU

“I voted for SEIU in the last election. But over the last twelve months, I’ve seen the real SEIU, and it’s not pretty. No representation, secret backroom deals with management, contract takeaways, no member involvement - it’s worse than I ever could have imagined.”

-Isaiah Arvizu, Kaiser South Bay, Former SEIU Steward

Shouldn't we be asking ourselves these questions?

- Where have all those hundreds of SEIU reps been since last year's election?
- Why is SEIU not enforcing our contract?
- Why is SEIU not handling our grievances?
- Why is SEIU not enforcing our conversion rights?
- What's happened to our EVS Department?
- Why did SEIU cut a backroom deal to shut down the Stockton Call Center and send the work to Southern California where they earn \$6.00 less per hour?
- Why is SEIU keeping secret its plan with Kaiser to cut our pension and health benefits?
- What happened to our \$4.1 million strike fund?

.....

We need a union that we control at Kaiser.
