

NUHW Bargaining Update #18

United for a Good Contract

We met with USC Administration on Monday, August 8th and Friday, August 12th last week to continue bargaining. Our discussions specifically focused on Article 11 of our contract which deals with Hours of Work and Overtime. By the end of Friday's session we were very close to signing off on the article and hope to finalize it when we next meet. More bargaining dates are scheduled for this week where we plan on talking about the more substantial issues left in bargaining including subcontracting, patient care and all economic items. ***We encourage everyone to join us as we move into the final phase of winning a good contract for our profession, our families, and our patients.***

For more information, please talk to an NUHW Shop Steward/Bargaining Team member or call Sophia Mendoza at 213.280.0051. You can also get updates on our website at: www.nuhw.org/usc-university-hospital/

NATIONAL UNION OF HEALTHCARE WORKERS
